PRECAUTIONS ABOUT THE ENVIRONMENT

The defined routes are **nearby sectors with strong ecological stakes** recognized by the European Union. These are **Natura 2000 areas "Marais et falaises des coteaux de Gironde" and "Marais de la Seudre"** in which are present birds, bats and natural habitats threatened, and therefore protected.

To avoid any source of pollution that can degrade these natural miles and to limit the inconvenience of these animal species, we therefore attract all the more the attention of the participants and the guides to the **good respect of the rules** particularly in terms of waste management and maintenance / supply of vehicles and the respect of the routes and defined parking areas.

This respect guarantees the smooth running of the 2019 edition and those to come. For more information on the environmental wealth of these Natura 2000 zones, go to <http://www.agglo-royan.fr/natura2000-sites>
